This wine was produced using carefully selected Merlot grapes from premium vineyards throughout California. Traditional winemaking techniques were used to create the wine to ensure the highest quality and true expression of the fruit. Prior to bottling, Merlot was blended with a small quantity of other Bordeaux varietals for added depth and complexity.

Deep ruby red in color, the luscious aromas of red berry fruit are complemented by herbal notes of sage and anise. Fruit-forward flavors of mouth-filling blackberry and plum are laced with earthy chocolate and a kiss of blackcurrant, and finishes soft with ripe cherry and delicate vanilla oak.
