DeLoach Vineyards 2007 California Zinfandel was made from carefully selected Zinfandel grapes grown throughout California. These hand-selected grapes were blended to make a complex wine with true varietal character.

This current vintage offers a fruit-forward style with bright flavors of strawberry jam and plum and a hint of toast. The wine is light to medium bodied with smooth tannins and a ripe fruit quality created by tank-fermenting with minimum oak. Pairs beautifully with a variety of foods such as spaghetti marinara, pulled pork and baby back ribs.
